

Understanding Bullying and Cyberbullying: What Your Kids Wish You Knew!

The **A WORLD OF DIFFERENCE® Institute's Understanding Bullying and Cyberbullying: What Your Kids Wish You Knew** is a training for adult family members that will increase their awareness about bullying and cyberbullying, provide strategies to prevent and intervene in bullying and assist them in best working with schools and children when issues of bullying arise.

For the current generation of youth, e-mailing, IM-ing, text-messaging, social networking, chatting and blogging are a vital means of self-expression and a central part of their social lives. There are increasing reports, however, that these media are being used to cyberbully, and most youth who are targeted do not notify an adult."

Did you know?

Studies of students ages 12 to 18 indicate that 28% report being bullied at school, and 24% report being cyberbullied during their lifetimes.

"I am walking out of this workshop feeling prepared to have a real conversation with my child about the realities of cyberbullying" - Parent

Goals:

- To increase understanding and awareness about the problems of bullying and cyberbullying
- To demonstrate the ways in which cyberbullying occurs and its unique features and impact from bullying
- To provide families with tips to prevent and respond to bullying and cyberbullying
- To inform families about school's legal and ethical responsibilities to respond to bullying that occurs on and off campus
